

TDC ROLLFORMER

Roll your own flanges and pocket the savings.

The TDC Rollformer has 12 forming stations and produces TDC flanges at speeds of up to 60 feet per minute (18.3m/min)!

JAG quality construction with an industrial motor and gearbox; high precision bearings; heavy-duty three zone chassis; plate head construction; hardened and ground roll shafts all protected with JAG's top-quality primer and paint finish.

Optional rolls are available for TDC clip production (22 gauge).

SPECIFICATIONS
