

CORNER FIXER

Fast, easy corner insertion and crimping in ducts and fittings.

Although the CORNER FIXER is portable and light in weight, it's heavy on performance, automatically inserting and crimping TDC and TDF corners in seconds. In addition to handling virtually every style of duct, the CORNER FIXER also works with multiple types of straight fittings. Automatic duct squaring for ducts and fittings from 18 – 26 gauge (0.5 – 1.3 mm) galvanized mild steel.
